

Google Developer Student Clubs

Louisiana State University

Corporate Sponsorship Packet
2025 - 2026

Introduction Letter

Dear Company Representative,

On behalf of the Louisiana State University (LSU) chapter of the Google Developer Student Clubs (GDSC), we cordially invite you to become involved with our organization.

With this organization, we strive to advance students in education and employment so that they can achieve their full career potential. GDSC's mission is committed to:

- Fostering a supportive environment where students from diverse backgrounds and disciplines can meet and collaborate
- Encouraging continuous growth and learning through workshops, events, and project-building activities that are both online and in-person.
- Applying cutting-edge technology to create novel solutions for local and global challenges.
- Building a strong sense of community by supporting each other's learning journeys and giving back through community service and mentorship.

The GDSC chapter at Louisiana State University offers your company the opportunity to reach out to a diverse range of talented students. Your contribution will also increase your company's presence through the LSU College of Engineering.

Although our chapter is well on its way to building our chapter throughout the university, our leadership team looks to your company for help in building our organization to the GDSC standards and to reach our goals as a chapter of developing opportunities for our members.

This packet includes details about the meetings and events planned for the 2025-2026 academic year as well as different ways your company can partner with GDSC LSU.

Thank you for taking the time to consider supporting GDSC LSU. We look forward to hearing from you and anticipate the opportunity to build a strong relationship. If you have any questions, please feel free to contact us.

Sincerely,
Jerrick Miles
Treasurer, 2025-2026

About GDSC and Our Chapter

Google Developer Student Clubs (GDSC) are university-based community groups for students interested in Google developer technologies. Students from all undergraduate or graduate programs with an interest in growing as a developer are welcome. By joining a GDSC, students grow their knowledge in a peer-to-peer learning environment and build solutions for local businesses and their community.

As of May 2025, GDSC LSU has grown to have 180 active members. The LSU chapter has five main objectives:

1. Grow and support learning new skills to build great solutions for local problems.
2. Connect students across diverse backgrounds and different majors.
3. Create a sense of belonging and community that inspires innovation, confidence, and performance.
4. Organize workshops and events to teach new skills and build practical solutions for local challenges.
5. Facilitate networking and collaboration among students from diverse backgrounds and majors.
6. Foster leadership and organizational skills by offering opportunities to take on roles within the club and lead initiatives.

Our chapter has focused on these goals by hosting events on personal branding, presentation communication and delivery for a diverse audience, and other professional development opportunities. Additionally, we hosted Google technology events and professional development sessions. We look forward to providing an inclusive, fun, and creative space for students with your support.

GDSC LSU Events

General Body Meetings

General body meetings are monthly meetings that allow us to engage with our members and announce upcoming GDSC events. They include professional workshops, guest speakers, and company-sponsored events. Topics in these meetings may include but are not limited to career fair preparations, owning diversity, leadership/team building, problem solving, and more. Approximately 50-75 members attend each of these meetings where food or snacks are usually provided.

Item	Cost Estimate
Food	\$730
Materials	\$100
Marketing	\$12
Total	\$842

General Socials/Workshops

General social events are events held by GDSC LSU that help build a strong sense of community and create a better bonding experience among GDSC members. These socials are planned to be off-campus where venues may be rented. Workshops are used to build members professional development skills through resume building, mock interviews, etc. Food is also provided to these socials and workshops when in person.

Item	Cost Estimate
Venue	\$250
Food	\$300
Material	\$275
Total	\$825

Sponsor Benefits

**** Note:** Sponsorship benefits options are adjustable, and negotiable based on company's preferences

- Recognition in newsletters, emails, and club social media posts
- One General Body Information session/workshop or Advertisement event
- Speaking opportunities at GDSC events to address the audience.
- Logo placement on club materials, such as t-shirts, banners, and promotional items
- Sponsors announced at every meeting and social event
- Case studies or collaborative research projects involving company products or services

Conclusion

Dear Corporate Supporter,

On behalf of the Louisiana State University (LSU) chapter of the Google Developer Student Clubs (GDSC), we would like to thank you for taking the time to consider supporting our organization.

Your support allows us to further expand our chapter and provide development opportunities for our current and future members. Along with helping this chapter, your company allows us to reach out and contribute to our local communities. The success of our events would not have been possible without your support and involvement with this chapter.

Once again, thank you for your consideration in becoming involved with GDSC LSU!

Sincerely,

Mujtaba Malik
